

MULTIflor 700

2-LAYER PARQUET / TONGUE + GROOVE

Product	Multilayer parquet flooring for fully glued down installations on standard-conforming subfloors manufactured according to EN 13489 „Multilayer parquet“
Dimension	700 x 140 x 9.8mm, 14 Strips/Pack = 1.372m ² , 42 Packs/Pallet = 57.624m ²
Top layer	1-strip plank from selected hardwood with a wear layer of approx. 3.6 mm ± 10%
Base layer	Water-resistant glued plywood birch from Central European production
Moisture content	delivered with a moisture content of 7 % +/- 2 %. according to EN 13489
Gluing	100% formaldehyde-free RPU bonding
Surface	<p>RAW SURFACE: sanded, raw wood surface</p> <p>TENSEO: UV-coatings from Bona, Sweden. Our UV-coatings are solvent-free as well as emission-free, have a solid content of 100% and an anti-scratch-coating to avoid fine scratches in the lacquer. They are adjusted that hard elastic so that light dents in the wood do not lead to a breakage of the lacquer. The closed-pore antistatic varnish guarantees lowest soiling as well as easy cleaning without additional additives!</p> <p>SEDA: Scheucher oils and waxes are based on natural resources and are fully oxidative drying, not film-forming and partially repairable.</p>
Weight	approx. 7 kg/m ²
Fire prot. class	C _{fl} -s1 at glue-down installation
Underfl. heating	suitable, R _T = 0,058 m ² K/W
Fields of use	Floors and walls, living and object area (meet the highest class C according to. ÖN C2354)

Room climate Room temperature should be kept at a constant of 18–24°C and the relative humidity between 30% und 65%! This generally requires an appropriate air humidification in the heating season. We therefor recommend cold humidifiers with an integrated sterilization system. The installation of a Fidbox records your climate above and under your parquet floor, reports deviations from the optimum climate and can be conveniently monitored by mobile app.

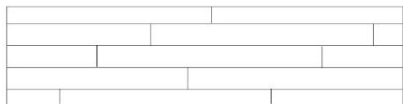

Installation fully glued down with a classic Tongue/Groove-connection

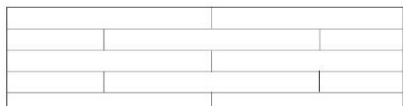

Installation patterns:

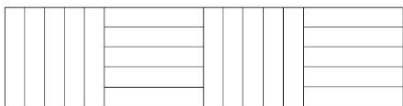

Herringbone

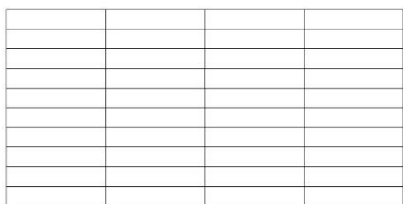

Irregular pattern

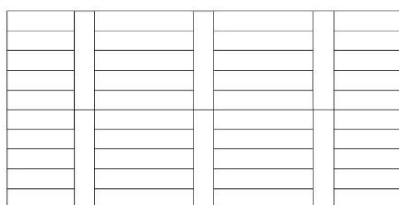

Brick pattern

Cube

Parallel pattern

Ladder pattern

Example in Oak Natur Natura
